

Autumn &
Winter 2017

Getting cosy this winter

I've been looking back at my hippy childhood this season. Growing up on a self-sufficient small holding in deepest darkest Cornwall. It's inspired my Good Life collection because I feel like that's what makes life good – being outdoors, making music, growing and harvesting and of course making and sewing!

We love making things here and my lovely team of stitchers still make all our products. They use old vintage sewing machines to make everything from cockapoo make up bags to banjo pencil cases (my personal favourite!) and all right here in Cornwall.

And just to put a little Christmassy tingle into your day we have a lovely collection of Christmas decorations, cards and badges – there's even a whole nativity set made from egg cosies!

I hope you enjoy!

Love, Poppy x
